Springfield Oaks Saanens/Dos Cabezas Boers will have some outstanding Saanen/Boer cross kids available this spring. Most of the coming yearlings are bred to Rocky Run Turbo's Ocotillo FB #090403233. The dams of these doe kids are outstanding Saanens. Most have scored Excellent, and several have lactations over 3000#. Don't miss out on your chance to add some outstanding milk and type bloodlines to your herd. USBGA Registered Doeling prices will start at \$600. USBGA Registered Bucks sold by private treaty. Contact: Elizabeth Henning, erhenning@hotmail.com, 602-819-7231.

SOLD

Note from Annette Maze:

It is rare that I endorse animal sales. This combination amazed me. The sire is a fabulous buck from Pat Hendrickson (USBGA Judge & ADGA judge) - clean two-teated Boer genetics with a beautiful head and perfect bell ears to help provide great offspring. The above kids for sale are being bred by Elizabeth Henning (USBGA Judge & ADGA judge) the dams to the kids being offered are from fabulous show winning bloodlines. I have always thought that a Boer/Saanen cross was the true magic next step up towards more meat and a bigger Boer. I have judged a few Boer/Saanen wethers that were my champions and never could get them out of my mind. These does are from a CAE/CL negative herd. In my opinion this is a magic cross that could be the answer to wethers that could change our industry for the better.
